

Services

At Texas ENT and Allergy, we offer a wide array of services including the diagnosis, medical and surgical management of disorders of the ear, nose, throat and head and neck. We treat both children and adults. We frequently provide follow-up care and allergy shots for students attending Texas A&M, Sam Houston State and Blinn College who have received care from a physician at home. We encourage you to have your treating physician contact us to assist in your care. The following is a list of some of the common problems we treat:
